MacLean's Magazine

Ever since the new good Maxwell startled the country with performance heretofore associated only with far coother automobiles, Canada's favor has been sweeping the Maxwell Clob Sedan onward to an ever-proving preference. In every section, the new good Maywell is rapidly decreasing and strengthening its place in public regard. This process continner or tens of thousands of car hower realize more and more fully the strength, ruggedness and long-life of the new cond Maxwell, and the luxurious comfort, beauty and utility of

The new word Maxwell Clob Sedan, finished either in handsome

Leadership In the first quarter of 1925

Graham Brothers built and sold more 1½ ton trucks than any other manufacturer in the world

In the 1 ton and 1% ton fields combined, Graham Brothers ranked second.

Publication of these facts is prompted wholly by the belief that truck buyers are entitled to know the trend of the times. With the facts before them, few would consider buying other equipment without first determining the reasons for Graham Brothers rapid advance.

Grace Good Taste meets Dorothy Dignity Both newly wed which is plainly perceived What lucky girls with so much to talk about The gyfts of fine silverplate each has received

This enchanting silverplate will appeal to your good taste

What can be more charming, more useful, or more acceptable than the graceful La France or Mayfair designs in Wm. Rogers and Son fine silverplate? These captivating patterns are the perfection of good taste and will add dignity and beauty to your table.

They are surprisingly moderate in cost—a few dollars will buy a generous quantity—and you can always make additions to your set at your convenience. Every piece is made with the most exacting care and every piece carries our guarantee of actifaction without time limitation. This has been the unwarying policy of Wm. Rogers & Son for 60 years.

Ask any reliable dealer to show you the new Mayfair or the La France pattern. Their loveliness and reasonable cost will appeal to you.
